

Nantes / Le Pellerin

La Véloodyssée

An exhibition of contemporary art is displayed all the way down the estuary on this shared stage of La Véloodyssée and La Loire à Vélo. Some surprising changes of scenery are guaranteed to brighten up your departure from the bustling city of Nantes.

Itinerary

On the right-hand bank of the Loire, the cycle routes are currently uneven: cycle strips and lanes. Traffic is particularly heavy here, so caution.

Alternative and connections

A route south of the Loire is currently under development - from Île de Nantes > Trentemoult > Bouguenais > La Montagne > St-Jean-de-Boiseau > Le Pellerin. This will, in particular, allow the discovery of another part of the perennial works displayed on the Estuary as well as a more natural Loire.

Connections on the route towards stations.
